INDIA.

Reports from Calcutta—Transactions of Service—Cholera, plague, and smallpox.

Acting Assistant Surgeon Eakins reports, September 26:

Week ended September 21. A bill of health was issued to the steamship *Rotenfels*, bound for Boston and New York, with a total crew of 72. The usual precautions were taken, holds fumigated, rat guards placed on wharf lines, and Lascars' effects disinfected.

During the week ended September 14 there were 38 deaths from cholera, 6 from plague, and 1 from smallpox in Calcutta. In Bengal and India there were 114 cases and 111 deaths and 9,556 cases and 6,390 deaths from plague, respectively.

Plague in the Northern Shan States, Burma—Virulent type of cholera at Serampur.

The following is received from Consul-General Michael, under dates of September 19 and 26:

The first case of plague ever known in the Northern Shan States occurred very recently. The victim was a Chinaman. The case has occasioned much alarm, although the superintendent and civil surgeon were present when the case developed and took immediate steps to prevent the spread of the disease. It is not reported whether plague rats have found their way into the community or not.

The plague's reappearance.—After a long absence plague has made its reappearance in the Ocreguam Mine camp. There have been 2 European victims.
